

## Carpenter – Second Fix

We are a successful small to medium sized building contractor specialising in conservation work and are currently seeking a skilled Carpenter to join us for a long run of work.

### **This self-employed role will involve, but not limited to:**

- Fabricating wardrobes using veneered Oak MDF
- Fabricating window shutters and window seats
- General carpentry and second fix items eg. kitchens, swinging/hanging doors, fitting ironmongery, skirting and architrave, timber cornice, dado rail etc

### **Experience level required:**

- Minimum of 5 years Carpentry experience
- Ability to read and understand architectural drawings
- Someone that can use their own initiative
- Quality workmanship and takes pride in their work

### **Site requirements and location:**

- Site location is a remote Georgian Manor House in Buckinghamshire, HP27
- Own transport required
- Own tools required (110v only or battery-operated tools)
- Own PPE

### **Salary and working hours:**

- £150-£200 per day based on experience
- Working hours 7:30am-4:30pm, Monday – Friday

**To apply, please complete an enquiry form on our recruitment page or alternatively email us [mail@saundersbrothers.co.uk](mailto:mail@saundersbrothers.co.uk) with your CV attached.**

### *About Saunders Brothers*

Brothers Martin and Darren Saunders bring a lifetime of building and bespoke joinery experience. Formalising the company in 2005 the business now employs over 25 full-time staff calling on a trusted network of skilled subcontractors.

Saunders Brothers regularly undertake large and medium sized building projects across Buckinghamshire and the Chilterns, particularly in the villages and smaller towns.

Our mission is to deliver dream residential and commercial projects, doing this safely, efficiently and professionally for our clients.

At Saunders Brothers we believe our skilled craftsmen deserve quality materials to create work they can be proud of. Our clients deserve that standard of workmanship and are entitled to a minimum amount of stress and disruption during any project. This approach has led us to become one of the most trusted and well-respected builders in Buckinghamshire and the surrounding area.
